LIST OF PARTS:

Anchoring accessories

EN

CAUTION:

- 1-Do not use or store the device where there are leaks or splashes.
- 2-Do not place the device over heat sources such as thermostats or direct light sources, as this may affect sensitivity and detection.

MAINTENANCE:

Unplug the device and clean with a soft dry cloth.

SPECIAL NOTES:

- 1-This appliance is not intended for use by individuals (including children) with reduced or impaired physical, sensory, or mental capabilities, or lack of experience or knowledge, unless they are supervised or trained to use the appliance by a person responsible for their safety.
- 2-Children should be supervised to ensure that they do not use the appliance as a toy.

RECOMMENDATIONS:

- 1-Use the appliance indoors.
- 2-Only pour dry food into the container. Otherwise, there is a risk of malfunction.
- 3-To prevent the feeder from being hit by the pet, we suggest you install it in a corner against the wall.
- 4-Please protect the power cord to prevent the pet from biting it and causing a dangerous situation such as electric shocks.
- 5-Do not disassemble or modify the power supply.
- 6-This device is suitable for DRY FOOD only,

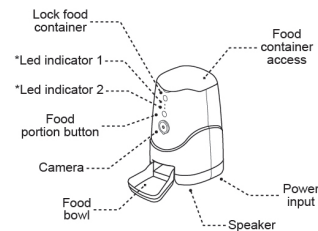

- 7-This device is suitable for medium-sized cats and dogs.
- 8-The density and shape of the food may cause variations in feeding capacity and portions.
- 9-Each time the container is refilled, there may be variation in portioning time. Manual calibration is recommended (click the manual feed button until food is dispensed).

SAFETY:

- 1-Do not operate any appliance with a damaged cord or plug, or if the appliance malfunctions or has been damaged in any way. Return the appliance to the nearest authorized service center for examination, repair, or adjustment
- 2-The device manufacturer does not recommend the use of accessories, as they may cause injury.
- 3-Do not use outdoors.
- 4-Do not let the cord hang over the edge of the table or counter or touch a hot surface.
- 5-Do not place on or near a hot gas or electric burner, or in a hot oven.
- 6-Always connect the plug to the appliance first and then plug the cord into the wall outlet.
- 7-Do not use the appliance for anything other than its intended use.
- 8-If the SUPPLY CORD is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified individuals in order to avoid hazard.
